

Contract Behavior Analyst

Job Description

Panhandle Behavioral Services, LLC is currently hiring for a Behavior Analyst position in the Panama City, FL area to serve clients that are participating in the Florida dependency care system through the Department of Children and Families (DCF) and the regional Community Based Care provider.

Responsibilities:

- Conduct in-home sessions with clients and their families (mostly afternoons and evenings)
- Complete Functional Behavior Assessments and skills assessments
- Develop and monitor Behavior Intervention Plans (BIPs)
- Collect, analyze, and graph data on target behaviors
- Provide training to caregivers on Behavior Intervention Plans
- Provide training to caregivers in a group format using BST on behavior principles and strategies

Qualifications:

- Bachelor's degree in Psychology, Special Education, Applied Behavior Analysis, or related field; Master's degree preferred
- Experience working with social service agencies associated with dependency care is preferred
- BCaBA certification required, BCBA preferred
- Strong analytical skills and ability to problem solve in the moment
- Ability to communicate effectively within a variety of situations
- Ability to work independently and as part of a team
- Excellent time management skills
- Reliable transportation to travel to client sessions

Additional Information:

- This is an independent contractor position, benefits are not provided at this time
- Additional comments:
 - Make your own schedule
 - Take time off when you need it
 - Manage your own case load size
- Pay is commensurate with experience

Inquiries should be sent with a resume/vitae to:
